

Global Autism Research Ecosystem Directory

Public release — verified and public-ready records

GARC-DI-2026-001

Global Autism Research Center (GARC) | A specialized research center within GRS Group

Publication note: Inclusion in this directory does not imply partnership, endorsement, affiliation or recognition by GARC. Entries are descriptive records supported by institutional or authoritative sources as of the stated check date.

Directory scope

This release contains 68 public-ready records spanning autism-focused research centres, interdisciplinary institutes, research programmes, laboratories and scientific networks. Entity types are preserved rather than treating every record as a stand-alone research centre.
